HANSE Interim offers a **network of qualified managers and experts** who can support you in solving problems at short notice. Our managers are characterized by many years of practical experience and skills in operational business, problem analysis and the development of implementation concepts.

HANSE Interim offers a **careful selection and successful placement** of interim managers as well as professional support during the project period.

### HANSE Interim added value – more than a classic provider

Our **added value and unique selling point** in the provider market lies in the team's experience from almost 30 years of knowledge and assessment of business models through the restructuring expertise of HANSE Consulting and the M&A expertise of HANSE M&A.

**Quality** is our top priority – intensive quality assurance for the customer project by the HANSE Interim Team
